### New Apartments Under Construction in Murla

These modern apartments, currently under construction in Murla. Each apartment is designed with convenience and style in mind and includes 2 bathrooms. A total of 36 apartments will be available in this new development, ensuring a vibrant community atmosphere.

The kitchens will be fitted with stylish wall and base units made from laminate or proformed materials. The countertops and wall coverings will be finished in smooth, compact anthracite quartz or dark glass, complemented by a dark worktop and an integrated sink. Electrical appliances will include a Balay-brand extractor hood, oven, and hob, or equivalent quality.

The bathrooms will feature ceramic tiles on both the walls and floors, creating a sleek and modern look. Toilets will be from the renowned Roca brand or a similar high-quality manufacturer, with contemporary white models.

All apartments will come with pre-installation for air conditioning, allowing you to easily install your preferred cooling system.

The development will feature carefully designed landscaping throughout all communal areas, incorporating natural and/or artificial grass, along with typical Mediterranean plant species.

The exterior perimeter will be enclosed by a wall partly executed in masonry and complemented by metal or landscaped elements, offering both security and aesthetic appeal. Exterior lighting will be provided by low-consumption design lamps, enhancing both safety and ambiance.

Residents will have access to a communal swimming pool, surrounded by a terrace area designed for relaxation and wellness. This space will provide the perfect spot to unwind and enjoy the serene environment of Murla.

These apartments offer a modern living experience in a tranquil setting, making them an excellent choice for those looking to enjoy the peaceful lifestyle that Murla offers, while still benefiting from contemporary amenities and
