Quiet, peaceful location with mountain and sea views.

High in the Sierra Bernia mountain range, we have a 30,000 m² plot that includes a finca and plans for further development.

The land is expansive, providing breathtaking views of the Sierra mountain range, the sea of Calpe, Moraira, and extending all the way to Ibiza.

This finca, which includes both a plot of land and potential for expansion, presents an exciting investment opportunity for those seeking a quieter lifestyle in an idyllic setting.

There are several country restaurants nearby, and the Spanish towns of Benissa and Jalón, which offer all the necessary amenities, are approximately a 20-minute drive away.

Your dream home awaits.
