A beautiful Spanish townhouse located in the heart of the village of Castell de Castells. The house features three floors and is rich in old Spanish character. The original tiles, wooden beams, and fireplace are just a few of the striking elements that will capture your eye. It includes five bedrooms: two are doubles, one is a triple, and one contains a double bed. Each room is named after the mountains that surround the area. Double doors lead in a large living space with separate dining room. The Spanish style kitchen leads out to a generously sized patio. Furthermore, there is a rooftop terrace that offers stunning views of the surrounding mountains. There is an opportunity to own a lock-up-and-go home, perfect for a family holiday home. Also a possibility would be to operate a holiday business catering to large groups of walkers throughout the year. Casa de Paz, which translates to House of Peace, is located in the urban area of Castell de Castells, a charming and tranquil town—one of the few remaining gems. Nestled in an environment of stunning natural beauty, surrounded by forests and mountains, Casa de Paz is a home that invites relaxation and contemplation, offering an atmosphere of serenity as soon as you cross its threshold. It is a beautiful place, and viewing it is a must.
