Incredible project for the construction of a luxury home in one of the best areas of Cumbre del Sol, Benitachell, Villa Aqua, characterised by an architecture that looks outwards, to the blue Mediterranean and designed for sharing and celebration. The upper floor houses the entire house, which provides extra comfort. The night area consists of three spacious and luminous rooms, which preserve a great deal of privacy with respect to the day areas. The day area consists of living room, dining room, kitchen, all with access to the outdoor area, which allows to enjoy incredible sea views and access to the terrace of more than 70m², dominated by an infinity pool. The property is complemented by a multi-purpose basement with two porches and a garage. The geometric shapes that outline the exterior structure are clad in glass and sheets of natural stone in grey, which contrasts with the white of the façade. The cube that houses the terrace of the master bedroom stands out, jutting out and directly overlooking the sea.
