Luxury villa with sea views in Jávea.

This two-storey villa perfectly combines elegance and comfort with spacious living areas, high-quality finishes and meticulous attention to detail. The property is built with high-quality materials, such as exposed stone and wooden details, and offers numerous extras that will enhance your living experience.

The villa is in a prime location and offers spectacular views of the sea and the Cape of San Antonio. The property is located close to essential amenities, such as the new international school and the beach. Completion is in December 2025.
