The space has been completely renovated recently and is in excellent condition. It features large double-glazed windows that provide plenty of light, a ducted air conditioning system with hot and cold air, and all electrical and plumbing installations have been renovated.

The space is divided into an entrance hall, several rooms separated by glass partitions, two large restrooms, and an additional room that could be converted into a kitchen or employee cafeteria, depending on the needs of the future owner.

All that remains is to furnish and customize it according to its intended use. A perfect opportunity to establish your business in the heart of Calpe! [IW]
