Mediterranean Elegance in La Fustera

Discover this stunning villa, tucked away in the heart of La Fustera — a peaceful, established neighborhood just 1,200 meters from the beach and close to restaurants and everyday amenities. A private oasis surrounded by lush greenery, on a site once covered by an endless pine forest.

A timeless home, reborn with modern elegance

The original house, with its whitewashed walls and classic rooflines, has been completely transformed into a contemporary Mediterranean masterpiece. Light, space, and nature blend seamlessly together. Large windows flood the interiors with sunlight, while carefully selected natural materials add warmth, comfort, and authenticity.

Outdoor living at its best

The spacious terrace has been designed as a haven of relaxation — featuring a private pool, a covered veranda, and an inviting dining area. The landscaped garden still whispers the spirit of the pine forest that once stood here, inviting you to breathe deeply and unwind.

Light, comfort, and harmony

Inside, warm earthy textures and natural tones create an atmosphere of serenity. The open-plan living and kitchen area flows effortlessly to the outdoor spaces, blurring the line between indoors and out.

The single-level home offers three bedrooms with ensuite bathrooms, a guest toilet, and direct access to the terraces. On its 860 m² plot, you'll find a private swimming pool and parking for two cars.

Your Mediterranean dream home

More than just a renovation — this is a reimagining of Mediterranean living. Experience the perfect balance of style, comfort, and tranquility.
